MEDICINAL FARMING AND PRODUCT

Motive now started a new project for medicinal plantation and product as MEDILEAF in 10 acar farming area in Bankura district .

Name Of Medicinal Plant

1. NONI (Morinda citrifolia)

Derived from the fruit of the tropical evergreen plant noni, noni juice can be a wonder food for your health. Noni fruit, popularly known as Indian Mulberry, the shrub of which is native to South-East and Southern Asia and Pacific Islands. The noni fruit has been used since ancient times for its medicinal properties which boost the immune system and helps in detoxification. Noni fruit is rich in antioxidants, Vitamin C, Vitamin B3, Vitamin A and Iron. Noni juice is said to be a magical drink as it affects so many bodily systems positively. Read on to know the 10 health benefits of noni juice

2. COROSOL (Annona muricata)

Soursop shows antioxidant activity. Antioxidants counteract oxidative stress Trusted Source, which can cause damage and disease in a person's body. In addition, laboratory research on cancer cells and animal tissue suggests that soursop can: suppress prostate cancer cells and reduce prostate size in rats cause apoptosis (cell death) of lung cancer cells inhibit the migration and invasion of colon cancer cells stabilize breast cancer cells

3. BLACK PAPER (Piper nigrum)

Ground, dried, and cooked peppercorns have been used since antiquity, both for flavour and as a traditional medicine. Black pepper is the world's most traded spice, and is one of the most common spices added to cuisines around the world.

4. STEVIA TULSI (Piper nigrum)

Stevia sweeteners no-calorie source of sweetness. The sweeteners contain purified Steviol glycosides, which are taken from the sweetest part of the Stevia plant. Like other low-calorie sweeteners, they are "intense" sweeteners – 200-300 times sweeter than sugar.

ANIMAL HUSBANDRY FARMING AND PRODUCT

Medleaf now started a new project for Animal Husbandry and product as MEDILEAF in 5 acre farming area in Bankura district .

Animal husbandry is the science of farming of animal livestock. It includes caring, breeding and management of livestock. Animal husbandry is a large scale business where animals that provide us food are reared, bred, sheltered and cared in a farm or regions which are specially built for them. Animal husbandry is the branch of agriculture and organic farming concerned with the management, raising and caring of farm animals by humans. It is initiated with cattle farming and rearing of livestock such as cows, goats, buffalo, sheep, etc. Later, animal husbandry was extended to cattle farming, poultry farming, productions of egg and broiler, apiculture, fisheries, etc.
