***“Education is the all-round drawing out of the best in child and man- body, mind and spirit” – Mahatma Gandhi.***

Maheshtala Municipality as per demand of the citizens of Maheshtala has constructed a Super Speciality Hospital at Santoshpur G.S. Colony named as Kasturi Das Memorial Super Speciality Hospital. The hospital is operational with OPD and 104 indoor beds since June, 2019. It is a dream project of Maheshtala Municipality towards extending curative health services to the citizens of Maheshtala and the neighbouring areas.

As a sequence of the dream project, it was necessary to open a Nursing Institution for nursing education and placement in the hospital of Maheshtala Municipality as well as in other hospitals. This is a unique endeavour of Maheshtala Municipality towards the health sector.

Considering all aspects, Maheshtala Municipality has proposed to appropriate authorities for granting permission and sanction to open the Maheshtala Municipal Institute of Nursing Sciences from the 2020-2021 academic year to run the General Nursing and Midwifery (GNM) course.

The conduction and operation of this course will be managed by Dishari Health Point a professionally efficient health care provider well known in the field and has wide spread experience & reputation in health sector especially in west Bengal for last fifteen years.

The appropriate sanction from the West Bengal Nursing Council has been obtained.

We are ready to start the GNM course (2020 to 2023) from this academic year.

The students will get best of learning from the reputed faculty and best hand-s on training at the Kasturi Das Memorial Super Speciality Hospital. The students will also get further attachment with Urban Primary Health Centres, Rural Primary Health Centre and other hospitals.

## INFRASTRUCTURE

MMINS School of Nursing has highly equipped 104 bedded super specialty parent hospital for practical training.

MMINS School of Nursing is functioning temporarily at Kausturi Das Memorial Super Speciality Hospital building Mollargate, Maheshtala with a spacious class room, most modern teaching technology and well-equipped laboratories for fundamentals of Nursing, Community Health Nursing, Nutrition, Obs, Gynae & Paediatrics Anatomy, Physiology and computer science, till the alternative accommodation is ready for full-edged operation.

An excellent and scientifically classified library with a large number of essential Books, periodical and Journals provides facilities to the student to do their reference and research work.

Apart from the Academic proficiency, the aim is to develop the cultural and sports talents of our student by giving them ample facilities and opportunities in those areas as well.

A team of highly qualified, well experienced and totally committed faculty members bestow their personal care and attention on the overall development of our student.

We plan to conduct seminars and competitions for the development of the students in our Auditorium

A well furnished, secured hostel facility is available with modern kitchen & dining facility, canteen serving timely, hygienic, nutritious & balanced diet.

We have facilities for the entertainment and relaxation of the students.

## PHILOSOPHY

The guiding philosophy is based on the MMINS School of Nursing values: collaboration, social responsibility, integrity, respect, accountability, diversity, and excellence.

## MISSION

The mission of the GNM Program is to produce nurses who will: apply scientific evidence to promote the health and well-being of all in need of care & serve as leaders in advancing the practice of nurses by applying, generating, and testing innovative models of care.

To seek opportunities for professional growth, evaluation of practice, and policy development throughout their careers.

## OBJECTIVES
